1826 Society

The 1826 Society was created to recognize generous donors, whose unrestricted contributions reflect a strong commitment to the mission of Yale-New Haven and its ongoing efforts to provide the most state-of-the-art, compassionate health care available.

The 1826 Society derives its name from the year in which the Connecticut General Assembly authorized ten incorporators to establish the General Hospital Society of Connecticut as the first hospital in the state and the fourth voluntary hospital in the nation, which later became known as Yale-New Haven Hospital.
